Suit for All Kinds of Application

Mobile Imaging Solution 360° Dedicated Patient Care

With the ergonomic consideration of design, the system provides much more patient-oriented applications by using mobile detector.

Proven Image Quality Guarantee Precise Diagnosis

By the application of unique 'Level' post-processing software, the image details is optimized and enhanced for clinical diagnosis. Through the intuitive, multilingual user interface and post processing flow, the end-user is guaranteed to get the premium images more efficiently and avoids the retake time-waste.

Humanized Position Function Easy Projection

Advanced Panoramic Imaging Function --- iStitch

The unique 'iStitch' function extends the application of panoramic view digital radiographic image, like whole spine or long-bone image. By one-button pushing, the system can finish the whole imaging process automatically without any other additional operation.

AnyCare Remote Diagnosis
